Evening All, My name is Will Brown running for the position of members officer. I am a member of Scogui since my first year and am currently the quartmaster. I've been in scouts since I was a beaver and have enjoyed 15 years in scouting to date. I am currently a assistant scout leader for a group in Loughborough. At university I am studying Math and Physics.

I have a number of skills which I feel would make me the ideal candidate for members officer. I am very good at interclub relations and most of the people will hopefully recognise me in some capacity. What I would like to do within the role of members officer is to encourage feedback from members of SSAGO, paying particular regard to policy orientation, organisation, and improvement. I would also like to be able to administer a fair but firm membership policy.
